II. Summary Statement of Overall Purpose/ Goal of Position:

Under the supervision of the Chief Building Official, performs technical duties in enforcing construction codes to ensure public safety and health.

III. Essential Duties:

- Inspects buildings under construction and existing buildings, both residential and commercial, for compliance with building codes in the areas of electrical, plumbing, mechanical and structural.
- Inspects buildings under construction for compliance with setbacks, size, height, hillside ordinances, subdivision conditions of approval and general zoning regulations.
- Inspects sites or buildings for bond releases.
- Examines and approves minor residential plans and additions within guidelines established by Chief Building Official.
- Inspects businesses and home occupations for business license requirements and code compliance.
- Investigates complaints on non-building problems, such as grading, blowing dust and debris, mud and dirt in streets and zoning violations and issues "Stop Work" orders.
- Inspects mobile home and office installations.
- Makes minor technical interpretations of building codes with the guidelines established by the Chief Building Official.
- Assist and advise the general public in matters relating to building construction and code requirements.
- Investigate complaints and inspect buildings to determine if hazardous or illegal conditions exist relating to structures and their use.
- Assists various City Departments in investigating problems in City-owned buildings concerning electrical, mechanical, plumbing and building.

IV. Marginal Duties:

- Assists Fire Marshall, if requested, in any fire investigations.
- Maintains daily log of inspection activities.
- Performs other duties as assigned.

V. Qualifications:

**Education/ Licences/ Certifications:** One year of construction trade schooling; Valid Utah Driver's License; ICC Certification and the four following certifications: Building, Mechanical, Plumbing and Electrical; must be licensed with the State of Utah.

**Experience:** Two years direct inspection experience; may substitute one year of additional directly related inspection experience for required education.

**Knowledge of:** The International Building, Mechanical, Plumbing, and National Electrical Codes.

**Responsibility for:** Great responsibility for the care, condition, and use of materials and for making decisions affecting the activities of others; putting hostile and upset people at ease; not overlooking or disregarding safety code violations - an error could cause fire or water damage.

**Communication Skills:** Ability to professionally furnish and obtain information from other departments; requires well-developed sense of strategy and timing; constant contact with the public presenting data that may influence important decisions; frequent contacts involving the carrying out of programs and schedules.

**Tool, Machine, Equipment Operation:** Requires regular use of a computer, copier, two-way radio, and telephone system.

**Analytical Ability:** Communicate effectively both verbally and in writing; detect hazards and violations on site; maintain effective working relationships with co-workers and the general public; promote a positive image of Sandy City; write reports and complete forms; must be able to handle multiple assignments.

VI. Working Conditions:

Field inspections require frequent exposure to heights, construction site hazards, and weather. Frequent exposure to pressure from interpersonal conflict and deadlines; requires nearly constant contact with the public; great mental effort is required daily; moderate mental pressure and fatigue exist during a normal workday due to constant exposure to deadlines; frequent exposure to wet and/or humid conditions.
